

# Opiate Overdose Prevention and Intervention

in Chicago

*Use of a proven antidote to save  
lives where they are being lost*

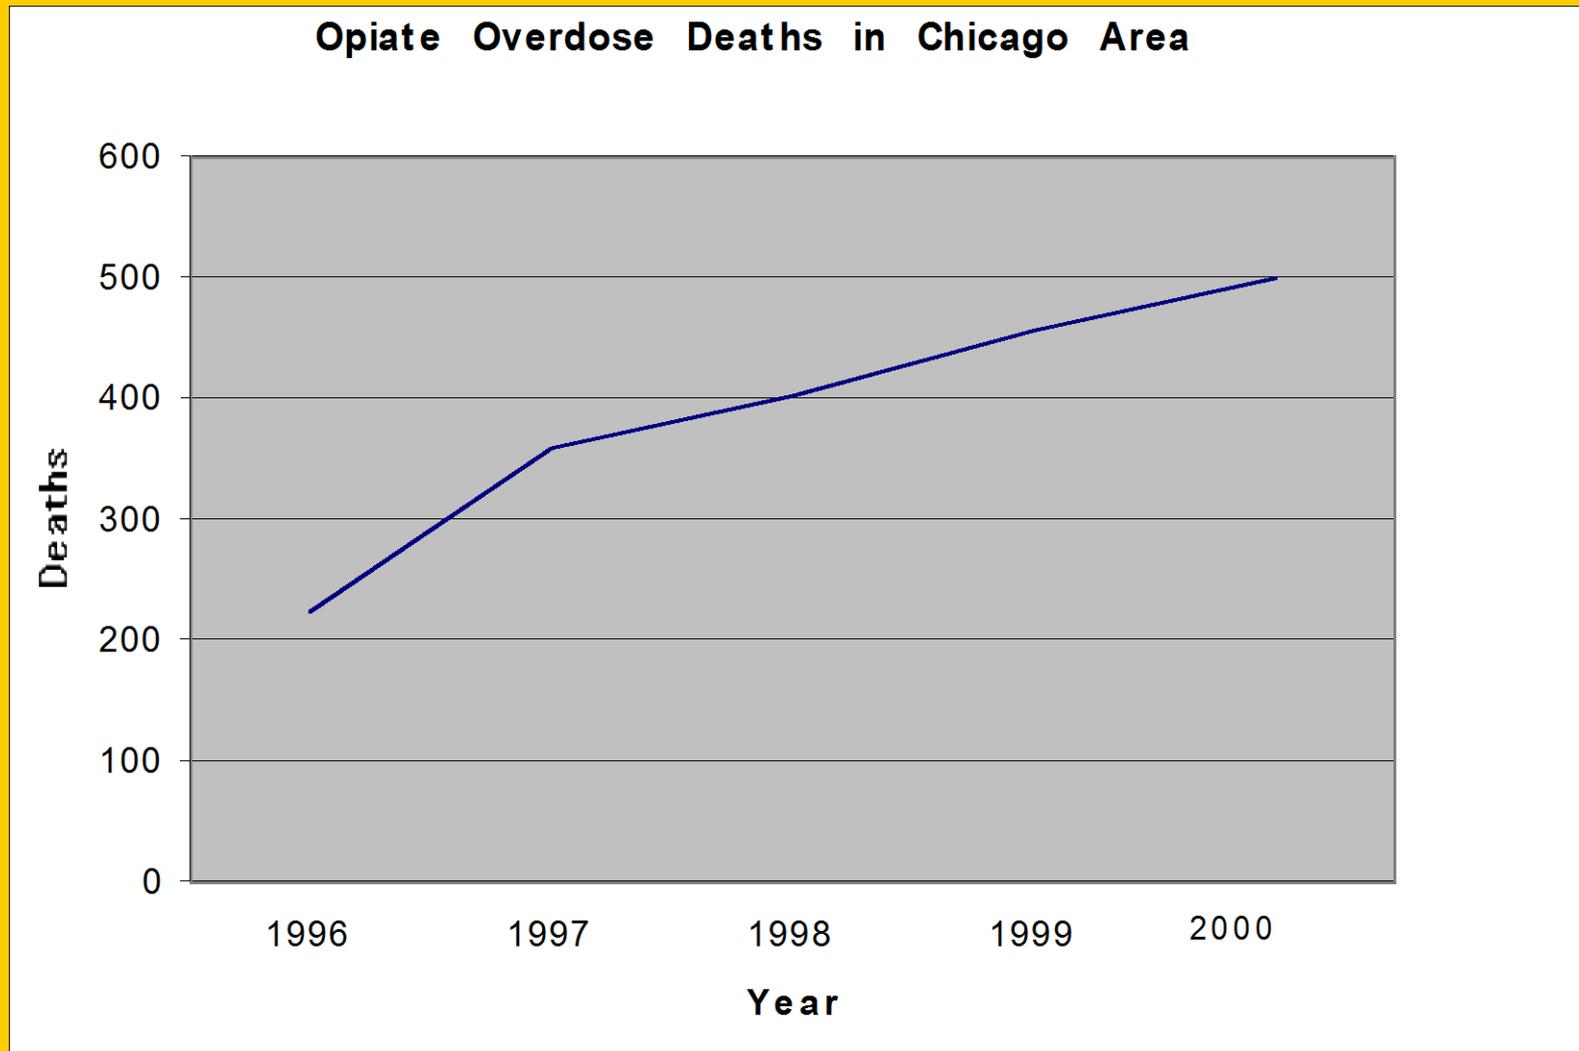

*—————→ on the streets*

Dedicated to John Szyler the originator of Any Positive Change

**The  
Chicago  
Recovery  
Alliance**

# Enough Motivation!!?!?

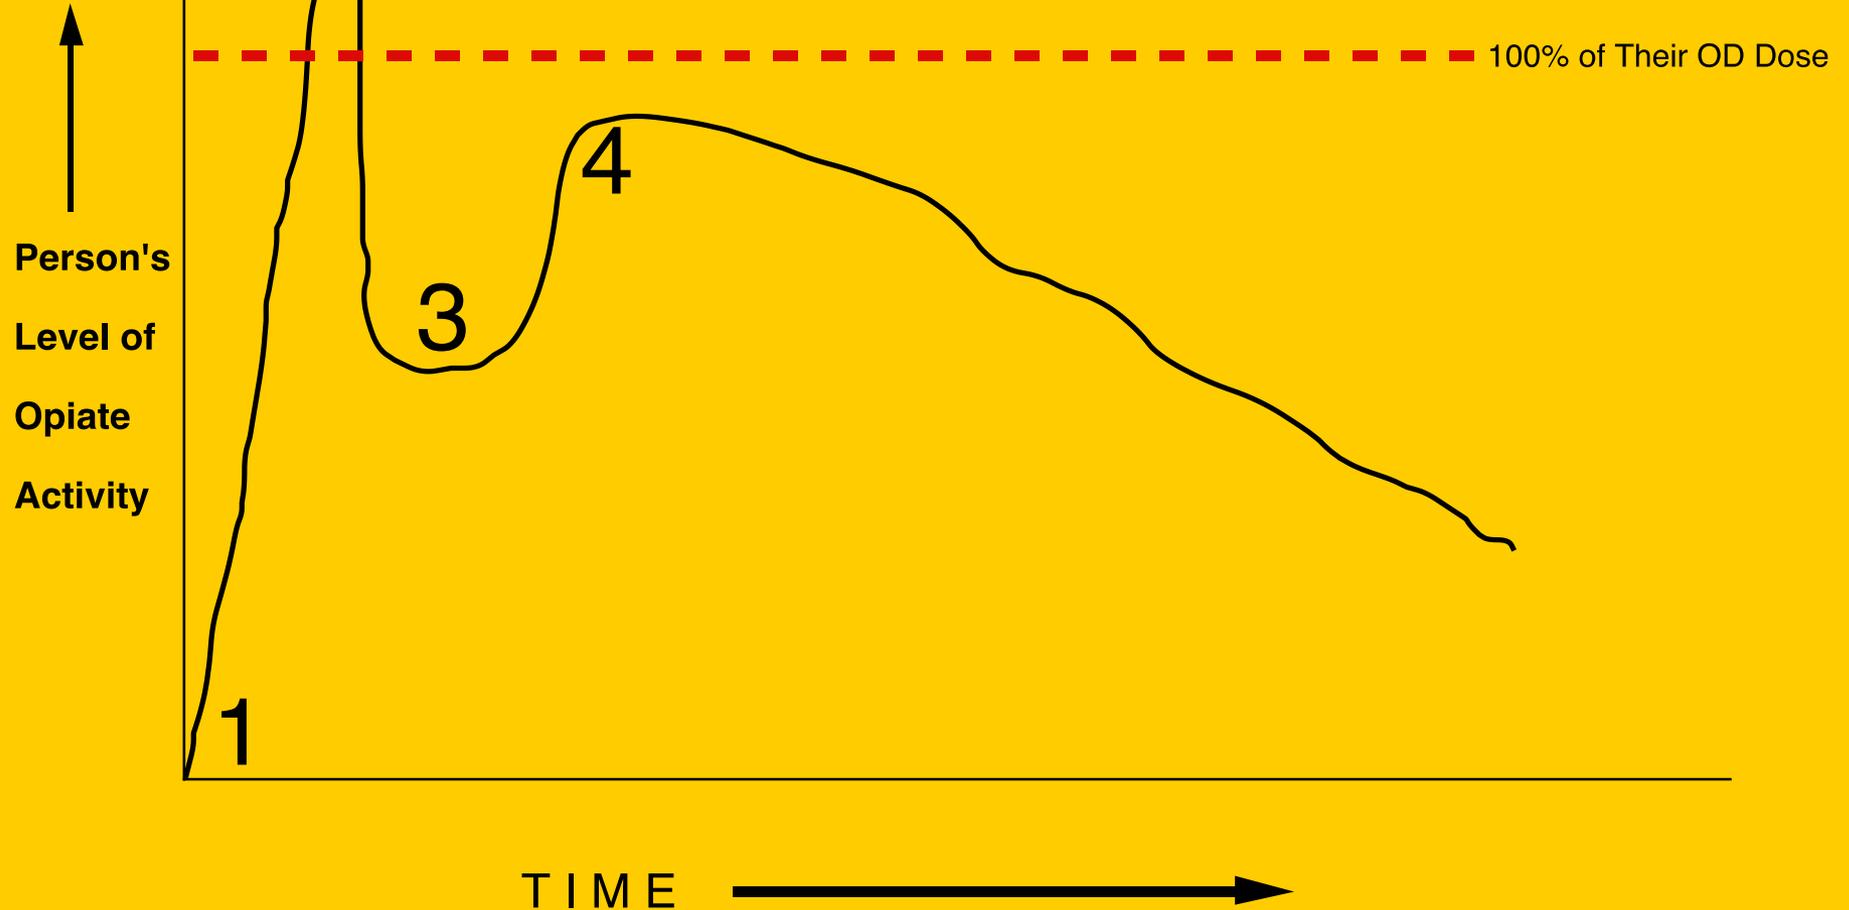

Source: DAWN

# One shot naloxone save...

***DEATH***

***NOT BREATHING***

***NOT RESPONSIVE***

# Gold Standard of Motivational Analysis

*If you were to inject  
an opiate of  
uncertain  
quality/purity  
would you want  
naloxone next to you along with a  
person who knows how to use it?*

**Low Threshold Treatment Options - All are Welcome**

# The Chicago Recovery Alliance

Anonymous, Free and Legal Harm Reduction Outreach with syringe exchange

Look for the big silver van at all sites marked with a \*.

## To arrange delivery by pager at times other than above :

In North and Northwest suburbs - Page **Hector** at 847-225-5805  
 In Lake County and Far Northwest suburbs - Page **David** at 847-633-0982  
 In South and Southeast suburbs - Page **Betty** at 708-461-3158  
 In Southwest suburbs - Page **John** at 708-461-3411  
 In Western suburbs - Page **Esther** at 708-604-4802 or **Susie** at 708-461-2751  
Other pagers to contact if you can't make it to the sites: **Karen** at 773-201-3222,  
**Michael** at 773-201-7641 or **Cheryl** at 773-201-7643  
 Page **Dan** at 312-797-2223 with problems making contact with these numbers.

**Medical Care  
& OD  
Intervention  
Available at  
Some Sites**

## What we do at these sites:

- Free and legal exchange of used syringes for sterile ones
- Free discussion about and water, cotton, cookers, and alcohol pads for safer injection.
- Free discussion about and condoms and water-based lubes for safer sex.
- Free discussion about, referral to, and assistance in getting into healthcare, addiction treatment, HIV antibody testing or other risk reduction services of your choosing.
- Free printed information on reducing risks of all kinds.

# safer injection better vein care

## COME TO KNOW THE POWER OF ANY POSITIVE CHANGE

Funding for this guide provided by a grant from the Drug Policy Foundation [www.dpf.org](http://www.dpf.org). Thanks to Hillary Issacs for initiating this project and the photography herein. Thanks also to Barbara Mosinski, Andrew and Nikki. Finally, *this project is dedicated to the memory of John Szyler*, a driving force behind Any Positive Change and respect for all people, regardless of their drug use.

**FURTHER INFORMATION ABOUT SAFER INJECTION AND BETTER VEIN CARE IS AVAILABLE AT:**

**[www.anypositivechange.org](http://www.anypositivechange.org)**

# RESULTS TO DATE

- program well accepted/appreciated by participants - built on 22 years of pre-existing relationships
- more frequent reports of OD preventative injecting techniques
- no reports of adverse use – most use aversive
- Over 32,000 reached since 1996
- 5,123 peer reversals thru Feb 2014

# Real Enemies of Life...

*Shame*

*Stigma*

*Silence*

*Condemnation*

*Isolation*

*Ignorance*

# Endpoints?

**Cheap, widespread  
OTC Access**

Legal and social support for  
staying alive despite drug use

*Acceptance of healthy  
intoxication in humans*
